

## Thank you for allowing Orlando Cat Café to host your upcoming event!

Please share this purr-fectly curated list of rules and information with your guests to keep our felines feeling fabulous!

- Cats love to be clean, so we ask all guests to sanitize their hands with the hand sanitizer provided at our door before entering the cat play area.
- Use Inside Voices. Cats have very sensitive hearing, so please speak quietly in the Cat Play Area, silence your cell phones, and take phone calls outside.
- Cats love to chase, but they don't like to be chased. Please let the cats come to you and please walk (do not run) carefully as we often have toys on the floor.
- Take lots of pictures, but please don't use any flash. Please tag us with @orlandocatcafe or share your pics via #orlandocatcafe – we'd love to see your pics!
- If you wish to hold a cat, please seek out a member of the staff or a volunteer. Please do not pick up a cat, but instead have a seat and our staff or volunteer will bring you one if desired, or a cat will more than likely seek you out.
- Please don't sit, stand or climb on anything designated for a kitty. If you have a question, please ask a staff member or volunteer.
- If you need to step outside our cat play area at any time, please make sure that one vestibule door closes before you open the next to ensure our kitties do not run out with you.
- We have cat toys – no need to bring your own!
- Never ever give your food to the cats. We give our cats special diets to keep them healthy and "people food" may cause stomach upset.
- Cats love to nap so much they call it "cat napping." Please don't wake a sleeping kitty. No one likes to be woken up from a good nap!
- Any children under the age of 12 will need to be accompanied by an adult. We love our little guests but want to make sure they are supervised. It is the parent's responsibility to ensure children are playing with the cat correctly. Abuse of the cats will result in being asked to leave the cat area.
- We always have cats, so please leave your furry friends at home.
- Please immediately alert a staff member for assistance in the case of any emergency.
